

**We help you
excel in your
sustainability
work**

Let us inspire you

Kick-start your company's sustainability journey or deepen your team's knowledge on a specific topic.

Whether you're a large business or a small team, you will gain new tools to use in your sustainability work, when inviting one of our experienced team members for a lecture or workshop.

Need something else?

If the topics mentioned are not relevant to your needs, we are happy to create an experience bespoke to your business.

Andrea has been working within climate change for over 10 years, with experience ranging from international policy making and education, to helping individuals, local governments and companies take action.

Andrea Cantillo

Climate Advisor

Kalle co-founded GoClimate in 2017, after a big career change from co-founding, running and selling successful tech companies such as Booli.

He has since been working full-time to stop climate change and has been interviewed in various podcasts and media over the past 5 years.
